Your impact

With 375,000 people newly diagnosed with cancer every year in the UK, demand for Look Good Feel Better's specialist services continue to rise. Currently, Look Good Feel Better services are only reaching approximately 10% of those who need and could benefit from our support.

Your fundraising and donations help us run more workshops, in more communities across the UK, taking us a big step closer to being there for anyone, anywhere, living with a cancer diagnosis.
